

CAPABILITY STATEMENT

About NWS

National Waterproofing Supply LLC services a wide range of customers nationwide, supplying a vast array of products developed by top waterproofing manufacturers throughout the world. Our team's expertise is drawn from long-standing, solid relationships with manufacturers and the many product training seminars our staff is required to attend and complete. We work closely with global manufacturers and vendors in order to stay current with advancements in technologies, products, materials and tools, thus guaranteeing leadership in an industry which constantly changes and evolves.
